BUILT TO FISH. BUILT TO LAST.™

~ FLAMBEAU LEGACY ~

A HISTORY DEDICATED TO MOULDING A PASSION FOR THE OUTDOORS

It's about providing quality tools of the trade for the fight at the end of the line. It's about a brand that anglers rely on to live the thrill of catching fish. It's about time well spent in the pursuit of a passion, a lesson learned, a tradition continued, or a memory made on the water, the best ones often with family and friends. It's about seven decades of dedication to innovative products that are

BUILT TO FISH ~ BUILT TO LAST

As a family owned company from its foundation in 1947, that very philosophy remains the backbone of our brand and serves as the origin story of our logo - shared memories hunting and fishing by the Sauvey family under sunrises over the Flambeau River. Over 76 years later, our company remains devoted to providing quality fishing products that are more than just standalone tackle storage solutions - we provide a legacy as a heritage brand that stands behind its product as the sportsman's and sportswoman's constant partner in the outdoors.

The first to provide anglers with tackle storage solutions infused with the power of Zerust® anti-corrosion technology, we innovate to succeed through meaningful and lasting differentiation. Constantly revisiting the drawing board to engineer the best products possible for today's anglers, we seek improvement and prosper with an attitude of personal accountability.

For past generations and generations to come, we are Flambeau Outdoors.

PRESERVE ~ PERFORM ~ REPEAT

(1947) The Halik Frog, Flambeau's first product.

BUILT TO FISH. BUILT TO LAST.™

Zerust®

- EFFORTLESS RUST PROTECTION -

Flambeau's EXCLUSIVE Zerust products are the absolute best way to protect your gear from rust and corrosion.

What is Zerust? A VCI polymer technology moulded directly into Flambeau plastics that provides years of hassle-free, long lasting protection.

How does Zerust work? Zerust-infused plastic emit an odourless, harmless vapour in a contained area to naturally form a protective layer around exposed, clean metal surfaces to prevent oxidation-reduction and stop rust and corrosion. u

Zerust is moulded directly into many Flambeau utility box dividers and products. Look for the Zerust shield logo to see which products contain this exclusive technology.

FLAMBEAU UTILITY BOX RANGE

BUILT TO FISH. BUILT TO LAST.™

All Zerust Max Tuff Tainers are fully infused with an enhanced level of Zerust® VCI vapour technology that provides effortless rust prevention for metal tackle in extreme marine environments. Provides a minimum of 5-year anti-corrosion protection* Translucent smoke grey tinted lid and base for convenient identification of contents when closed.

The foundation of Flambeau tackle storage, the Tuff Tainer® with patented anti-corrosion Zerust protection infused into the dividers. Compartments:18 (Includes 9 Zerust® dividers)

The Ultimate Tuff Tainer is as its name states... ULTIMATE. Not only is this versatile box WATERPROOF but it's also RUSTPROOF with the addition of Flambeau's Zerust. Sporting a watertight O-Ring seal, secure locking latches, rigid design these boxes are ideal for storing water sensitive gear. Available in 7 sizes and variations you'll never need another utility box again.

- ZERUST MAX SERIES -

BUILT TO FISH. BUILT TO LAST.™

Zerust MAX™ Series

EXTREME ENVIRONMENT

Product Dimensions:
Size: 17 x 14 x 16cms
Code: 17F6060ST
Carton qty: 6

6060ST ZERUST MAX WATERPROOF SPOON TRUNK

Pre-Slotted to hold 63 spoons up to 120mm in length

- 24 removable cups for solitary, tangle-free hard bait protection and organisation.
- **Designed to fit standard billed lures sized in these diving depth classes:** round-bill crankbaits (15 feet or less), square-bill crankbaits (8 feet or less), and jerkbaits (6 feet or less)
- Waterproof silicone gasket and 3 compression cam latches.
- Remove cups to create custom bulk storage sections; molded joists in the base position and support each cup individually.
- Drainage holes in bottom of cups permit moisture runoff for lures put away wet.
- Market standard 5000 series dimensional footprint for easy fit inside soft tackle bags and boat compartments.
- Fully-infused with an enhanced level of Zerust® VCI vapour technology that provides effortless rust prevention for metal tackle in extreme marine environments for a minimum of 5 years.

FLAMBEAU 6025 ZERUST MAX BLADE KRATE

21 Folders, 3 Compartments

Product Dimensions: 36 x 14 x 16cms
Code: 17F6025ZM
Carton qty: 6

- 21 removable bladed lure folders infused with Zerust® filed in a 3-compartment sliding rail system.
- Individually organises 42 bladed lures with 2 lure clips per folder for unprecedented tangle-free and easy-access storage.
- Waterproof silicone gasket and 3 compression cam latches.
- Removable folder sections allow customisable bulk storage compartments for soft plastic trailers in original packaging, leader spools, or tools.
- Drainage holes in bottom of folders permit moisture runoff for lures put away wet.
- Market standard 5000 series dimensional footprint for easy fit inside soft tackle bags and boat compartments.
- Fully infused with an enhanced level of Zerust® VCI vapour technology that provides effortless rust prevention for metal tackle in extreme marine environments for a minimum of 5 years.

Fully infused with Zerust Technology

Tangle free storage

Designed to hang 2 lures each via integrated clips protected and safely preserved.

Drainage holes in the base of each billfold storage clam

ZERUST MAX SERIES TUFF TAINERS

ROD STORAGE

4455BB ROD BUNK BOX

For those looking for something simpler than a HD bank vault for your rods, the Bunk Box is designed to quickly and conveniently safeguard your gear for transportation or storage. The better option than the corner of your garage, the Bunk Box also serves as the perfect solution for those who like to keep a varied selection of rods protected in the trunk of their car for that sudden urge to fish.

- Perfect for storing the bass and panfish setup of two rods for each
- Designed to hold (2) 6.5 ft. rods along the sides and (2) 6 ft. or smaller rods in the centre
- (2) 40.5" and (2) 42.25" alleys
- "Bunk" design allows for reels to remain suspended and attached to the rods
- Integrated oversized handle
- Ample storage room for additional gear
- (4) foam inserts
- Polycarbonate latches
- Ribbed interior with variable configuration options
- Includes Zerust tab

Product Dimensions: Size:
101 x 24 x 15cms
Code:17F4455BB

30060X FORMULA BW CASE

FLAMBEAU 30060 FORMULA BOW CASE

The Formula™ Bow Case delivers an unrivalled storage solution with the revolutionary Adjustable Bow Security (A.B.S.) System, a foamless chassis assembly that free-floats critical precision components — sight, cams, cables, and string — for contact-free preservation. The shock-absorbing A.B.S. chassis format features integral tie-down spines that anchor risers using patented Nite Ize Mega™ Gear Ties® to cement bows in place for protection perfection.

MID-WEIGHT CASE WITH HEAVY-DUTY TRAVEL PROTECTION:

A mid-weight system (18.25 lbs unloaded) that still offers the protection level of a heavy-duty, thick-walled case, the Formula features an automatic pressure release valve and weatherproof gasket combination that produces an anti-crush and impact defusing air chamber that negates the need for heavier exterior walls.

Interior Dimensions: Size: 112 x 41 x 21cms / Exterior Dimensions: Size: 120 x 49 x 24cms
Code:17F30060X / Weight: 9kgs / Carton qty: 1

Weatherproof gasket.

Automatic pressure release valve.

Lockable and airline friendly.

Removable accessory storage pouch.

Adjustable foamless chassis, Internal rack for 8 spare arrows, 6 over cam throw latches.
