reliefband
Code: 26RB50G

A Natural Solution to Nausea that Really Works
Get fast, drug-free and side-effect free relief from nausea and vomiting.

- ✓ Splash Resistant
- ✓ 100% Drug Free
- ✓ Side Effect Free
- ✓ FDA Cleared
- ✓ Clinically Proven

RELIEFBAND SPORT

The Reliefband is a game changing device relieves nausea across a variety of causes, as well as the ability to stop motion sickness, which is the curse of many anglers wanting to get offshore. Worn on the wrist like a watch, this device sends a small electrical signal to the part of the brain that controls nausea. It is an amazing bit of tech that has been an FDA approved device in the US now for several years. The device can also help to relieve the nausea symptoms related to morning sickness, some medications and cancer treatments.

Code: 26RBSG

Code: 26RBSB

100% Natural

Patented, clinically proven & FDA cleared technology gently stimulates the underside of the wrist

Reliefband® Sport is the first ever waterproof wearable of its kind. FDA-cleared, clinically proven, and doctor-recommended, Reliefband® Sport treats nausea associated with motion sickness, sea-sickness, anxiety, morning sickness, hangovers, physician-diagnosed migraines, and chemotherapy. Worn on the underside of the wrist, the Reliefband® Sport can be toggled between 6 different levels of therapy, has a rechargeable battery, is IPX7 waterproof, and provides 30 hours of consistent use from just one full charge.

Product Features:

The Reliefband® Sport is waterproof, battery rechargeable, and lasts approximately 25 hours of use on a full charge. Smart Sensing Technology to preserve battery life. Includes one 7.5 mL tube (0.25 oz) of conductivity gel and one charging cable.

Clinically Proven / FDA Cleared / Doctor Recommended / Long Lasting / Fast Acting / Non-Drowsy / Drug & Side Effect Free / 100% Natural Relief.

ABOUT HUK

Anglers are united by a single piece of equipment: the Huk.
From freshwater to saltwater, offshore to inshore,
bait to artificial, spinning to casting, to fly, our passion is all the same.
Huk performance apparel unites all anglers regardless of their pursuit.

Huk Performance Apparel's mission is to unite all fishermen in the way a "Huk" is a piece of equipment common to every single form of angling. Huk clothing represents a fresh take on the fishing world, offering styles that are young and current but still appeal to anglers of all ages.

We are there for every fisherman, from the first cast to the last.

Huk is a game-changing apparel brand that pushes the boundaries of style and substance. It's been the leading outdoor clothing brand in the USA for many years and is now at home in Australia.

J.M.Gillies is proud to be the Australian Agent for HUK.

HUK STACKED LOGO / H1000427

The Huk Stacked Logo Tee is designed to be an easy addition to any wardrobe. Thanks to its 50/50 cotton/performance blend, it will keep you comfortable and at your best no matter the activity.

HUK ICON X HOODIE / H1200478

The Huk Men's Icon X Hoodie is made strong to keep up with your fishing performance. It's made with a blend of soft and durable cotton and polyester, and the 2-way stretch fabric makes it easier for you to move.

016: Night Owl

034: Harbour Mist

489: Set Sail

HUK ICON X LS / H1200480

To perform at your best out on the water, you need the Huk Men's Icon X Long Sleeve Sublimated Polo. It's made with 100% polyester to give some softness, breathability, and incredible comfort. The cooling yarns and mesh under the arms and on the back help with temperature control and heat regulation, which is ideal for when you're working up a sweat reeling in that next monster catch or pulling that hefty anchor up from the ocean floor.

HUK PURSUIT CREW FIN FLATS / H1200491

HUK PURSUIT CREW ROOSTER WAKE / H1200492

Keep your skin dry and comfortable on the water – Huk performance shirts have cooling fibers work to remove heat from the surface of your skin, helping to dump body heat and keep you more comfortable and on the water longer. Because fishing can be dirty, Huk added a special stain release treatment that not only enables stains to be easily washed out but also resists oily substances from attaching to the garment in the first place.

034: Harbour Mist

498: Wedgewood

HUK VENTED PURSUIT / 1200524

HUK VENTED PURSUIT HOODIE / H1200525

This fishing shirt protects your skin from the sun's harmful rays – Huk added the most advanced sun-blocking +50 UPF materials to their apparel to block both UVA and UVB rays. Keeping dry is critical to keeping warm on the cold water – this shirt's material has hydrophobic qualities to transports water & sweat away from the skin. Cooling fibers work to remove heat from the surface of your skin, helping to dump body heat and keep you more comfortable.

Made with a breathable, soft, and stretchy fabric blend of polyester and spandex, and its 4-way stretch gives you the ultimate freedom of movement both in and out of the water.

001: Black

409: Sargasso Sea

339: Beach Glass

HUK REEL ON LEGGINGS / H6200040

The Huk Women's Reel On Leggings are made with a durable and soft fabric blend of polyester, nylon, and spandex, and its 4-way stretch gives you the ultimate freedom of movement both while on the water and on dry land. It's also super comfy, its light compression giving you a secure fit and a flattering shape. With a heap of features like handy pockets, moisture-wicking and anti-microbial fabric, as well as quick-drying properties.

100: White

HUK BOLD PATCH TRUCKER / H6300042

Superior fit design, a structured with buckram, a mid-profile trucker with 3D embroidery Huk logo.

FINS ORIGINAL PRT BRAID

4 STRAND

PRT is a soft, flexible braid with a very tough urethane coating, a great choice for finesse fishing. Flipping and pitching a heavy structure where durability and strength are paramount, is one of the many situations where PRT shines. PRT is the current state-of-the-art braid produced using traditional braid architecture, 30 pound PRT is the diameter of 8 pound monofilament and the 50 pound like 10 pound mono. Many experienced braid users find PRT to their liking as it has a familiar feel but with a durability that exceeds their expectations regarding colour retention and fray resistance. Only stocked in 30 and 50lb yellow 4000yd spools.

FINS EVOLVE

8 STRAND

Fins 'Evolve' is an 8 strand braid constructed from a next generation Hybrid Fibre Concept (HFC). It has been formulated and designed for tough Australian conditions. The state of the art fibres combine to provide maximum casting distance, ultra smooth presentation and yet still meets all the toughness and reliability that you come to expect from Fins lines. Ultra-thin diameters combine with silky smooth outer coatings provide the softest and most efficient casting line on the market. The round profile suits both combined spin and bait casting reels and is available in hi-vis Chartreuse for all water visibility.

MAXIMA ULTRAGREEN

Though often attempted, no other manufacturer has duplicated the exclusive colour and characteristics of Maxima Ultragreen. This line becomes virtually invisible underwater, particularly in freshwater and inshore coastal waters. Ultragreen is also soft and limp, yet retains Maxima's legendary tough, high durability finish for excellent abrasion resistance. Ultragreen is the best all-around line for a variety of freshwater and general saltwater fishing. Spools and casts well on spinning, baitcasting and larger conventional reels. Ultragreen's invisibility under water also makes it ideal for leader material.

MAXIMA FIBRE GLOW

Fibre Glow is a uniquely coloured, high visibility line that is perfect for tracking lines and detecting subtle strikes. It is ideal for night fishing with "black light" that causes the line to glow luminescent. Fibre Glow incorporates Maxima's high-durability finish for incredible abrasion resistance and at the same time, retains just the right amount of limpness for easy spooling and casting.

MAXIMA CHAMELEON

The Chameleon range has the unique property of changing hues to match the colour of the surroundings, for invisibility in water that is cloudy or lightly stained. Designed for freshwater lakes and rivers, this line has the toughest finish of all line brands on the market. Saltwater anglers have also discovered Chameleon's toughness and it is propensity to change colour hues is perfect for fishing around kelp beds, rocks and other near-shore structure, as well as bouncing the bottom for larger fish and reef dwellers.

MAXIMA IGFA TOURNAMENT

One of the key features of Maxima's IGFA Tournament Fishing Line is its durability and overall resistance to both the punishment from saltwater as well as bigger fishes. Since this particular line is designed to hold its own against the rigours of the most challenging of fishes, it delivers solid performances within its own weight class. Tested for both regular angling and tournament fishing, this line follows the International Game Fishing Association requirements to perfection.

MAXIMA TAPERED LEADERS

The suppleness of the tippet section on Maxima's Ultragreen tapered leaders, allows the fly to move naturally and appear real on the water. The stiffness of the Maxima Chameleon monofilament butt allows the leader to roll over freely and lay out more smoothly. This highly effective, blended product is a Maxima exclusive.

WIND-ON LEADER

The Bluewater range of Wind-On Leaders are designed with the Bluewater angler in mind. These longer-length leaders come in poundages ranging from 100lb, through to 400lb and up to 7.5mts in length to cover most Bluewater fishing situations. With the wind on leaders, you can wind the leader through the rod and bring the fish in close to the boat where you have better control.

FLUOROCARBON MONO

Asari Fluorocarbon line is manufactured from 100% fluorocarbon and is virtually invisible underwater due to its refractive qualities. The Asari Fluorocarbon Trace is an extremely tough and abrasion resistant and has a very fine diameter to breaking strain. The Asari Fluorocarbon Trace is perfect for all applications from fly fishing, soft plastics, lure fishing and live baiting to game fishing.

BOMBER LONG A

Bomber's original Long A design is one of the most effective jerk baits on the market, and is arguably Australia's most popular Barra lure of all-time. Available in 5 different sizes to cover a wide variety of applications as well as 2 deep diving models to get down to those deeper holding fish.

The most popular "all-rounder" is the B15A size - when people talk about the mighty "Gold Bomber", this is the size that they are referring too. The larger BSW16A & BSW17A sizes are the preferred choice for anglers chasing metre-plus Barra in the big saltwater rivers of the Top End. They are also extremely effective in the impoundments throughout North Queensland.

BLUEWATER SAURY

The Saury lure is designed to mimic the popular pelagic baitfish and will be in its element chasing Tuna, Mackerel and all other predatory species. The Saury comes with a 8/0 VMC single hook on the front, and a 9/0 single on the rear, with heavy duty rings and hardware. The heavy-duty, stainless steel, wired through construction ensures the lure will stand up to the toughest sports fish. The reinforced bib design compliments the nose-wired tow point to ensure the lures swim perfectly out of the box and require minimal tuning after use.

LIVEGLO Fluorescent Technology
incorporating luminous, fluorescent and
ultraviolet additives for maximum impact.

BLUEWATER MINNOW

The Bluewater Minnow has been developed with the toughest of Bluewater species in mind. With many conventional lures, the action can quickly become untuned with knocks and bumps, but the in-mould bib and body will ensure the lure will track true and straight time and time again without the need for adjustment. The new pro design also allows for exceptional speed to chase the fastest pelagic species with it comfortably holding in at 8 knots.

BLUEWATER TROLLING SKIRT

The Bluewater Trolling Skirts feature unique hand-poured heads, attractive graphics and our trademark Bluewater logo in the eye. Supple silicone skirt, quality finish to the resin head and skirt attachment, two different swimming actions, tried and tested fish-catching colour combinations.

The 4", 6" and 8" Bluewater lures are considered small to medium in size and ideally would perform better if rigged with a single hook. The 8" version could accommodate a two hook shackle rig, however, if the gauge of the hook is heavy this could dampen the action of the lure. It is recommended that chafe tube is used over the leader through the lure head to avoid abrasion. A stopper used above the rigging inside the lure skirt to stop the rigging pressing against the head at the point of connection.

Target species: Billfish, Marlin and Sailfish, as well as other pelagic species including Yellowfin, Bluefin Tuna, Wahoo, Spanish Mackerel and Dolphinfish.

BLUEWATER ROCKET POPPER P163

The Bluewater Rocket Popper features a special tail-bias weighting system that serves two main purposes. The heavy tail weight causes the lure to fly straight and true through the air, "like a rocket". The tail weighting also causes the lure to sit nose-up in the water during the retrieve.

WARLOCK MOTH

The Warlock range of top water Moth lures is uniquely designed and is constructed from tough ABS plastic. Unmatched in attraction and originality, the Moth provides a one-of-a-kind top water presence that fish cannot resist. The Moth is fitted with wings that flap and create a noticeable splash and a unique sound that is proven to trigger aggressive strikes. Designed to mimic a struggling insect on the water surface, the Moth is capable of drawing heart-stopping strikes day or night. Hand-painted finishes with extra strong VMC Spark Point hooks that allow you to target your favourite species with ease.

WARLOCK BASS HOPPER

The Warlock Bass Hopper is the baby brother to the Cod Hopper and has all the features packed into a small profile to chase Bass, Small Natives, Saratoga and any other surface feeding species. The lure is fitted with Strong VMC Trebles.

WARLOCK COD HOPPER

The Warlock Cod Hopper is an exciting and visual surface lure with a loud and unique action. The bib design makes using the Cod Hopper a breeze and the lure will dance and walk across the surface inviting a strike. The lure is fitted with 3X Strong VMC Trebles and heavy-duty fittings making it ideal to chase all large predatory surface feeders.

WARLOCK HARDBAITS

The Warlock range of lures is one of the most unique hard-baits currently available on the market. The key feature of the Warlock series profile is our signature S.A.P.™ or Sonic-Amplifying-Panels that are moulded into the underside of the lure's flanks. These scalloped panels reflect ultra-strong micro-vibrations that create an irresistible sonic footprint that is unlike any other hard bait on today's market. This series swims with a tight, rolling action and unsurpassed cycle rate, sending out a strong signal that triggers an instant strike instinct in any nearby predators. Quite simply, the Warlock is unlike any hard bait you've ever used before - the fish just won't know what's hit them when you unleash the Warlock series on your local waterway.

WARLOCK 52 3PK

Each Warlock 52 3pk contains the 3 most popular colours. The 2+mt dive depth will suit most applications.

TASMANIAN DEVIL LEAD FREE

Wigston's Lures have developed a lead-free Tasmanian Devil lure to satisfy the demands of various countries and waterways around the world that have prohibited lead-based lures. From the naked eye the lure will appear and swim exactly like the original model but at the core is a very sophisticated balance of materials that are more environmentally friendly. Available in 20 colours.

TASMANIAN DEVIL LEADCORE LINE

Tasmanian Devil Leadcore is an innovative line that allows a lure or fly to be trolled at varying depths without the aid of a paravane or trolling sinkers. The leadcore trolling line is constructed from tightly braided nylon multi-filament woven over a core of pure lead resulting in a fine diameter line with high visibility colour metering every 10 yards. The colour metering makes it easy to monitor the depth being fished.

TASMANIAN DEVIL BLADE

The Tasmanian Devil 'Devil Blade' features a uniquely designed spinner blade that has been created to match the famous Tasmanian Devil lure. The blade provides a distinct action as it spins through the water. Custom Tasmanian Devil paint designs that have been created specifically for freshwater species. Each lure is equipped with quality terminal tackle and VMC treble hooks.

COLOURS

TASMANIAN DEVIL SPOON

The Tasmanian Devil 'Devil Spoon' lure offers the dual attraction of vibration and flash. As the spoon travels through the water it flutters from side to side and emits a vibration that attracts fish even in cloudy water. The polished underside of the Devil Spoon produces a flash attraction, ideal in clear running water and is a proven trigger for predatory species.

COLOURS

TASMANIAN DEVIL PEGRON

The Tasmanian Devil Pegron range of lures have a trademark swaying action that simply drives predators crazy. Best used with a slow retrieve or hopped along the bottom. Available in 10 proven fish-catching colours.

STUMPJUMPER LURES

Born on the Victorian banks of the mighty Murray River in 1986. The first wooden StumpJumpers fitted the local cod fishing environment perfectly. They dug down deep, had great buoyancy to help them jump over the stumps (hence the name) and were as tough as nails. By 1991, freshwater fishing was a booming industry in this country and there was an almost insatiable demand for cod lures. The only way to satisfy it was to swap the traditional wooden bodies for plastic. In recent times, the demand far outstripped supply and subsequently, the lures are now being manufactured offshore. With the change to plastic, there was also an opportunity to introduce what is still about the world's only truly successful interchangeable bib system.

As unlikely as it sounds, it's an idea that really works. With the deep-diving bib, the No.1 StumpJumper is a great cod lure, but switch to the pointy, shallow running bib and you have a minnow lure capable of taking saltwater speedsters like Mackerel and Tuna or even Barramundi, not many other lures can do that!

STUMPJUMPER REMOVABLE BIB SYSTEM

The proven swimming action and unbelievable anti-snag capabilities of the StumpJumper are combined with an exclusive patented snap-lock bib that lets you instantly alter the lure's action and characteristics by changing to different shaped bibs. With a choice of hot colours and flashing metallic finishes and subtle patterns, you can change the colours of the bibs to get the attention of the fish. Mix and match lure bibs and bodies in a system that makes StumpJumper the most innovative and effective lures available today.

MODEL A / DEEP

MODEL B / SHALLOW

JJ's StumpJumper

To change curved bibs bend down and pull out.

Flat bibs pull straight out.

STUMPJUMPER AI LIVE SKINS

StumpJumper AI is the ultimate in both design and new hardware. Cutting edge software has led to the development of new designs never seen in Cod and native fish lures. We have combined these new designs with the latest in BKK 4X Trebles to ensure the best hooking power on the market. The dual depth action and all of the features from the classic model all still remain unchanged. Available in 10 colours / Sizes 1, 2 & 3.

All StumpJumper AI Live Skins lures are fitted with BKK Hooks.

NORMAN LURES - SPEED CLIPS

Think of Speed Clips as split rings that open. After tying your line to a Speed Clip, squeeze the arms together to open the jaw, then slip one arm completely through the eyelet of your lure until the jaw can freely close. The Speed Clip should move freely on the lure's eyelet. Made of stainless steel, Speed Clips can be used in fresh and saltwater.

Worden's ROOSTER TAIL®

FLATFISH

ROOSTER TAIL

Since the 1950's anglers worldwide have been using Rooster Tails to catch just about anything that swims. The Rooster Tail's pulsating hackle tail and attractive spinning action just seem to make fish strike, many times when nothing else will work.

F7 FLATFISH

FlatFish is a shallow diving lure that produces high action and vibration that attracts fish and produces a wide, strike-producing wiggle when trolled or reeled at a slow speed. For the best result, tie your line directly to the round-eyed connector snap or figure-eight eyelet provided with the lure. A barrel swivel can relieve line twists associated with spinning reel use and should be placed a few feet ahead of your lure.

ARBOGAST JITTERBUG

Well respected as THE top water lure for night fishing, the Jitterbug has proven its power to ignite explosive strikes throughout the day. Fred Arbogast's Jitterbug was first introduced in 1937. The Jitterbug has a double-cupped lip, placed at precisely the correct angle, producing the loud, rhythmic, surface-busting sound that is proven to be irresistible to every surface known to feeding fish.

SNAP-LOC ROD HOLDER

The SNAP-LOC Rod Holder is a unique, one-step, instant strike Rod Holder that's ideal for general light to medium trolling and bait fishing. It's versatile and adaptable to any boat or fishing situation. The Universal Rail & Deck Mount Rod Holder offers many different mounting possibilities. When you place the rod, either spin or bait cast, into the holder, it pushes the front lever down and locks the rear lever over the top of the rod butt. The weight of the rod is sufficient to firmly lock the rod, any additional downward weight, even the drag of a sinker or lure locks the rod more securely in place.

SNAP-LOC KEY FEATURES

- Foolproof locking device
- Suits both spinning and overhead reels
- Additional security lock fitted
- Can be locked on foregrip or rear grip
- Insert allows use of small diameter rod butts
- Overhead reel stays upright
- Vertical & horizontal adjustments
- Heavy duty lift & rotate lock
- Gives flexibility & precise rod direction control
- Can be quickly removed & fitted to another mount
- Slip resistant universal rail clamp
- UV, salt & oil resistant
- Stainless steel components

CODE : 235LRH

GILLIES DELUXE ROD HOLDER

The Gillies deluxe rod holder brings a new dimension to the riverbank, lake or shore fishing. This rod holder has the ability to be height adjusted and angled to suit your preferred fishing situation.

GORILLA GRIP GLOVES

For many fishing applications, from light tasks to heavy-duty work, the Gorilla Grip patented gloves are the go-to choice for anglers and the handyman alike. With maximum durability, dexterity and a trusted never-slip grip, Gorilla Grip guarantees superior grip every time. Gorilla Grip gloves are constructed of nylon and dipped with a specialised coating to keep hands protected no matter the application, wet, dry or oily.

GLOVE FEATURES

Gorilla Grip is a lightweight, breathable and high dexterity multi-purpose glove with a patented grip coating that provides a maximum grip under any conditions.

- A: Formfitting design
- B: Breathable nylon shell
- C: Fitted elastic cuff
- D: Patented non slip technology
- E: Stain resistant finish

PATENTED TECHNOLOGY

The patented technology draws moisture to the surface of the glove where it quickly evaporates, or is transferred back to the inner layers of the glove. This aids in providing maximum grip during both wet and dry applications.

Gorilla Grip gloves give you an unrivaled grip in oily, grimy, or wet conditions. Inspired by the auto repair industry which demands a high-caliber grip for the grasiest of jobs, our NEVER-SLIP GRIP Technology is a must-have for fishing enthusiasts, outdoorsman and for extreme sports.

GORILLA GRIP MAX FINGERLESS

The Gorilla Grip Max Fingerless gloves allow for maximum dexterity, comfort and performance. Another feature of these gloves is the extended cuff that protect them from the sun. The gloves have a breathable light knit shell is skin tight and quick-drying and features the patented Gorilla Grip Technology that provides maximum grip in dry, wet and oily conditions.

Sizes: One size Code: 15GGMF

GORILLA GRIP 3/4 DIP INSULATED

The Gorilla Grip 3/4 Dip Insulated gloves feature an insulated liner for cold weather and fish cleaning use. The 3/4 dip keeps hand dry and the breathable light knit shell is skin tight and quick dry. These gloves also feature the patented Gorilla Grip Technology that provides maximum grip in dry, wet and oily conditions.

Sizes: L-XL Codes: 15GGI-XL

ORIGINAL GORILLA GRIP GLOVE

From light chores to heavy-duty projects, the Original Gorilla Grip glove is specialised for maximum durability, dexterity and hand protection. These lightweight gloves allow your hands to breathe during tough tasks while maintaining an unmatched grip. Perfect for any handyman projects and fishing needs.

Sizes: S-M-L-XL-2XL Large Codes: 15GGOS-M-L-XL-2XL

GORILLA GRIP VEIL GLOVE

The Veil Gloves are a must have for any tackle box. They're lightweight, maintain a grip in the wettest conditions and fit like a second skin that protects hands from the sun. The proprietary polymer technology on the palm pulls moisture away from the surface and provides maximum grip in wet and oily conditions and the Veil gloves also features the exclusive Veil camo.

Sizes: M-L-XL-2XL Large Codes: 15GGVM-L-XL-2XL

GORILLA GRIP A5 CUT GLOVE

On the boat or at the cleaning station, Gorilla Grip A5 Cut gloves are a must for every tackle box. This glove features a highly breathable, flexible design with an ANSI level 5 industrial cut protection rating featuring proprietary polymer technology on the palm that pulls moisture away from the surface and provides maximum grip in wet and oily conditions.

Sizes: L-XL Large Codes: 15GGA5L-XL

GILLIES PILCHARD

Gillies Pilchard lures combine the shape, action and reflective flash to attract fish from afar. Not only does it cast like a bullet, it is equally effective being trolled and can also be jigged. GILLIES OCKTA

These lures have a unique action and can be fished with most retrieve styles. They can be straight jigged, bounce jigged while drifting and cast and retrieved. With two exceptionally sharp swinging forged hooks set up on Kevlar connectors, hook-up rates are increased. Ockta lures are perfectly balanced as to allow the lure to pulsate the skirts giving the appearance of a swimming octopus.

Each rod is set up with the size-specific pre-spoiled reel and all come with a Gillies rod case covered in durable fabric.

6WT FRESHWATER FLY OUTFIT

9ft 4pce 6wt rod / pre-spoiled 6wt fly reel, spooled with 20lb 50yds backing, WF6F floating fly line, 9ft tapered leader and green cordura covered fly rod tube.

8WT SALTWATER FLY OUTFIT

9ft 4pce 8wt rod / pre-spoiled 8wt fly reel, spooled with 20lb 50yds backing, WF8F floating fly line, 9ft tapered leader and cordura covered fly rod tube.

9FT/6WT 4pce CODE: 25LP64

9FT/8WT 4pce CODE: 25LP84

SPRING-LOADED ROD HOLDER

The versatile spring-loaded rod holder from Sea Dog can be mounted both horizontally or vertically to maximise storage options. The cushioned and spring-loaded rests ensure a secure and protective hold. The set includes both 3M stickers or screws to secure your holder in most locations.

Holds rods firmly in place

Easy operation

Spring loaded cushioned rests

3M adhesive tape

ROD HOLDER FEATURES

- Easy access, spring loaded rests
- 300mm long x 50mm wide
- Easily fixed to wall
- Holds up to 6 rods

Code:19SSLRH

BERLEY BASKET

The SEADOG berley basket is very functional and easy to use. The basket is surrounded by 8mm holes that allow an even flow of berley, has a positive locking lid, comes supplied with 1.5 metres of rope and can accommodate different weights to suit varying tidal conditions, as well all sorts of berley; dry, wet or frozen.

BERLEY BASKET SMALL

- Easy access, flip open lid
- 210mm long x 170mm diameter
- Can disassemble to store flat
- 4 Litre capacity

Code:19SBPS

BERLEY BASKET LARGE

- Easy access, flip open lid
- 420mm long x 170mm diameter
- Can disassemble to store flat
- 9 Litre capacity

Code:19SBPL

Secure rope attachment.

VERTICAL ROD RACK

The Vertical Rod Rack is designed in Australia and is moulded from high-impact plastic that will not splinter or rot. Each Rod Rack can hold up to 6 rods and it will not tip over. It can be fixed to the wall with 4 screws included.

Twin Packs

CODE: 195EAD2

Each rack can hold up to 6 rods.

Unit - W:44cms x H:54cms

HORIZONTAL ROD RACK

Securely store any rod type with the reel still on. This rack maximizes the capacity of your storage area and it is great for over doorways. The rod rack is a durable one-piece design that fixes easily to the wall, also it keeps the rods out of reach of children.

2 Pack

CODE: 1952

2 Racks per pack, can hold up to 3 rods.

6 Pack

CODE: 1956

6 Racks per pack, can hold up to 9 rods.

SUPERFLEX PRODUCTS

The Superflex range of products has stood the test of time and after 70 years, are still the first choice for anglers, as well as by users in other professions such as shopfitting and hobbyist needs.

SUPERFLEX 7 STRAND - BROWN

ABOUT SCOTTY

In 1952, Blayne Scott and his wife Almeda started a small company in Victoria, British Columbia with the intent of pioneering the use of plastics to manufacture fishing lures and other marine products. From their humble beginnings, Scotty Manufacturing Ltd. evolved to produce thousands of products under the Scotty trademark, focused on the fishing, marine, outdoor and firefighting industries worldwide. Over the years Scotty has continued crafting products for their passionate customer base. With a team of employees dedicated to finding inventive solutions to continually improve their products. Since 1952, Scotty's goals have remained the same: design and build outstanding sport fishing equipment backed by best-in-class service.

1071 - LAKE TROLLER SERIES

The 1071 Lake Troller comes with a 449 Portable Clamp Mount for mounting on the gunwale or transom (2" opening).

1073 - LAKE TROLLER SERIES

The 1073 Lake Troller comes with a 241 Combination Side/Deck Mount, allowing you to mount onto a flat deck surface, side of a gunwale or transom.

1050 - DEPTHMASTER SERIES

The 1050 is a great all-round unit, ideal for all freshwater and general purpose saltwater use - 23" boom.

1085 - STRONGARM SERIES

The 1085 Strongarm 30 model is the heavy-duty workhorse of the Scotty manual range.

1101 - DEPTHPOWER ELECTRIC

Designed for heavy duty use, this unit will handle long hours and heavy weights in tough conditions. Equipped with 250 ft. of 150 lb. test stainless steel cable. 30" long, 1 1/4" diameter boom. Fully adjustable decent speed, lifts 7 lb. weights at 235 ft./min. and 15 lb. weights at 203 ft./min. Spray protected positive-drive depth counter and Kevlar drive belt by Optibelt™. The lowest amperage draw of any downrigger made with less than 1/3 the battery draw than some of the competition.

- Downrigger Boom Length: 30" stainless steel boom
- Downrigger Boom Diameter: 1 1/4"
- Rod Holder Interior Diameter: 1.85"

1106 - DEPTHPOWER ELECTRIC

Scotty's most popular electric Downrigger. Equipped with 250 ft. of 150 lb. test stainless steel cable. 36"-60" long, 1 1/4" diameter telescopic boom. Fully adjustable decent speed, lifts 7 lb. weights at 235 ft./min. and 15 lb. weights at 203 ft./min. Spray protected positive-drive depth counter and Kevlar drive belt by Optibelt™. The lowest amperage draw of any downrigger made with less than 1/3 the battery draw than some of the competition.

- Downrigger Boom Length: 36"-60" telescoping stainless steel boom
- Downrigger Boom Diameter: 1 1/4"
- Rod Holder Interior Diameter: 1.85"

WILDFISH PERFORMANCE WADERS

Wildfish Performance waders are rugged and softer than traditional PVC waders. They feature 3 layers of anti-sweat fabric with polyester that is great at wicking moisture away from the skin and quick-drying, which makes you more comfortable when wearing all day. They have a built-in chest pocket to organise your personal belongings, as well as H-back adjustable suspenders with buckles. The adjustable fitted wading belt adds safety when deep wading. Professionally welded and taped seams that seal almost flush to the fabric avoiding chafing. With fitted sturdy, lined, cleated sole PVC boots that have a very strong, durable seal to the wader.

Colour: Khaki

Sizes available: 7-8-9-10-11-12-13

Easy fit and adjustable quick release clips for added safety.

3 layer anti-sweat fabric with polyester that is great at wicking moisture away from the skin and quick drying.

Wading belt to create a seal between your body and the wader.

Taped and heat-treated seams ensure a smooth and 100% waterproof finish.

Heavy duty cleated boot

CODE: 35WP ..

WILDFISH WADERS

Wildfish Waders are constructed from a tough Nylon/PVC material. Taped and heat-treated seams ensure a smooth and 100% waterproof finish. Adjustable, quick-release clips allow you to tailor the fit of the waders while still ensuring enough space for additional clothing and unrestricted movement. The integrated boot design with cleated sole provides additional grip against slippery surfaces making the waders ideal for all surfaces. Available in full chest wader, or thigh wader styles.

WILDFISH FLY PACKS

Selected by Peter Morse

The Wildfish fly selection packs are perfect for those new to fly fishing and even for some who might be not so new to the sport. There are two groups of packs in the range, freshwater and saltwater. The reality is that there's plenty of overlap. For example, the Trout Streamer Pack would very easily be at home in the kit of a bass fisherman, or in fact a fly fisherman just about anywhere around the country. Conversely, the Bass Pack contains flies that are just as at home in many tropical freshwater systems right across the north and in the Billabong Pack are flies that would light up the eyes of a bass fisherman. The Flats, Inshore and Barra packs have also proven themselves to many fly fishers for their ability to catch fish time after time. All Wildfish Fly Packs have 10 flies per pack that are proven fish takers for that particular application. All flies are hand-tied from the Felty's stable.

SAGE SALT R8 FLY ROD

More strength and fight were an obvious upgrade, yet few salt rods, especially in the heavier weights, achieve the importance of feel for fine touch shots and precise presentations. Shaping a taper that brought this increased touch into the equation took more time. Yet after a long residence in the birthplace of saltwater fly fishing, and working directly with the experienced guides there, our rod designers found the right profile and fiber alignment that delivered strength, fine touch presentation, and a more intuitive sweet spot to a class of rods that have long had a reputation as unwieldy, unforgiving and difficult. With the SALT R8, gone are the days of sacrificing the feel and touch in your saltwater rod.

SAGE R8 CORE FLY ROD

R8 CORE is focused on maximum versatility & applies a new revolutionary material technology. At its core, Revolution 8 technology traces a direct lineage to Sage's multi-application vision, one shaped by the fishing evolutions happening all around us - from habitats we stalk and waters we frequent, to the flies we fish and the diversity of species we now target. The R8 Core offers effortless energy transfer and a more connected feel.

SAGE MAVERICK FLY ROD

Saltwater angling is more often a game of quick shots than long casts. Dropping a fly in front of a cruising tarpon 20ft off the bow can be the difference between success and failure during a day on the flats. In fact, most saltwater fisheries put a premium on getting the fly to the target quickly. From Bonefish cruising the flats, and stripers slashing at bait, they all require a quick cast into "the zone" for high odds at a hookup. The quicker you can lay the fly down, the better the results.

ROD MODEL	ROD LINE WEIGHT	ROD LENGTH	ITEM CODE
690-4	6wt	9ft	10M690

SAGE PAYLOAD FLY ROD

With a powerful but comfortable casting action, the Payload series of rods are designed to help anglers cast those heavy lines and big flies more effectively. Whether launching a double-articulated streamer to the far bank with the 689-4 or dredging the deeper water with the 989-4, anglers will notice how easy it is to hurl a heavy line and big fly.

ROD MODEL	ROD LINE WEIGHT	ROD LENGTH	ITEM CODE

SAGE SONIC FLY ROD

Whether laying down dry flies with finesse or delivering streamers to distant reaches, the SONIC family of rods provides uncompromised versatility, with a balance of power and feel. Delightfully crisp and lightweight, the SONIC has a level of performance that stands out from the crowd with a fast action taper designed to cover a wide range of fishing applications from dry fly, streamers, to nymphing - floating lines to sinking.

SAGE ENFORCER FLY REEL

Born of the performance of our renowned THERMO big game Bluewater reels, the Sage ENFORCER has been updated and fine-tuned for the power, reliability, and durability needs of the saltwater flats angler. Designed with peak performance in mind, the ENFORCER offers everything the flats angler needs in a reel, whether taming the explosive runs of double-digit Bonefish or putting the brakes on the freight train pull of triple-digit tarpon. Simply put, this is the ultimate saltwater reel for flats and heavy duty fly fishing.

- 50% Higher Drag than Spectrum Family
- Enlarged and Improved Seals
- Increased Durability
- More Rigidity
- New Radius Cornered Reel Foot

SAGE SPECTRUM LT FLY REEL

The Spectrum LT reel brings a sophisticated, high-performance drag system to an ultra light rigid frame. The One Revolution Drag Knob offers quick and precise drag settings and provides the kind of power and smoothness you'd expect from a large traditional drag system, only without the bulk or weight. Available in a range of sizes from 3/4 to 9/10, there's sure to be a perfect size for any application where strong lightweight features are desired.

RODS & REELS

REDINGTON VICE FLY ROD

The VICE is a classically styled, fast-action rod range designed to be accessible to all anglers. The multi-modulus carbon fibre blanks offer increased levels of recovery for casting with greater accuracy and control, and the subtle design touches like black anodized snake guides, laser etched reel seats, and saltwater-grade components. Features of the Vice are easy casting, fast action and an anodised machined aluminium reel seat. Rods supplied with a durable cordura rod tube. Lifetime warranty.

REDINGTON BEHEMOTH FLY REEL

The Behemoth reel combines the most powerful drag in its class with stunning aesthetics that push the limits of fly reel design. The unique, un-machinable, die-cast construction is coupled with a durable, interlocking, large-arbor spool design that both looks and functions like a premium reel. A super-heavy duty carbon fibre drag package brings the utmost in drag strength, reliability and performance to the family. Sized for your favourite 5-weight trout rod, and all the way up to saltwater ready, big-game sizes.

- Most powerful drag in its class, Adjustable, Carbon Fibre.
- Large arbor design speeds retrieve and reduces line memory.
- Oversized drag knob for easy adjustment.
- Easily converts to left or right hand retrieve.
- Deep V-Spool for increased backing capacity.
- Twin moulded, soft-touch ergonomic handles.
- Nylon reel case included and Lifetime warranty.

REDINGTON CROSSWATER FLY REEL

The CROSSWATER reels have a unique design and are constructed from durable polymer lightweight material, that make them suitable for anything from trout and bass, to saltwater species. They're not a wonder of engineering, but they're definitely a solid choice for the angler looking to get started in the world of fly fishing without spending hundreds of dollars. The reels feature a reliable disc-drag system that offers fish-stopping performance with head turning looks.

REDINGTON®

WARMWATER PREDATOR

RIO's Elite Warmwater Predator fly line is designed specifically to cast large, heavy wind resistant flies in warmer and jungle applications. Featuring a short, powerful front taper, unique, rear-loaded heads for precise, accurate casts. Low stretch for solid strip sets.

ELITE PREDATOR

RIO's Elite Predator fly line is designed specifically to cast large and heavy flies with low-stretch ultra-slick performance. Featuring a short, powerful front taper and plenty of weight at the front, the lines have no problem casting the biggest of flies with ease.

ELITE RIO GOLD

RIO Gold has a taper design that gives it incredible loop stability at distance and a front taper that delivers perfect presentation of flies between sizes #2 and #22.

The ultimate all-round fly line with low-stretch, ultra-slick performance. Excellent line for rivers and lakes when long casting and control is required.

ELITE RIO GRAND

The Elite RIO Grand is a full line size heavier than the industry standard, and features more weight distributed towards the front of the line to easily load faster action fly rods and is an excellent line choice for novice casters who need a little more feel when casting. Low stretch line with ultra slick performance.

NEW PREMIER FLATS CLEAR FLOATER

The RIO Premier Flats Clear Floater is a versatile fly line designed for a variety of saltwater flats fishing conditions. It features a full clear or clear tip configuration, depending on the angler's preference. The full clear option is ideal for maximum stealth, while the clear tip option provides a balance of stealth and visibility. Fishing with this line eliminates the need for a long, cumbersome leader, and allows anglers to cast flies closer to the target without spooking the fish.

43R20174	#2 - #5

Simon Gawesworth's impact and contribution to the world of fly fishing is legendary. His prolific career spans some 35 years. For those who have had a chance to learn from and fish with Simon, they will tell you that his humble, charming, and naturally delivered expertise is unmatched in the world of fly fishing.

CRANKY KIT

Code: 43R26011

Change lines quickly and efficiently as fishing conditions change. Simply wind the line off the reel through the rod on to the fly line spool that is provided, unloop the line from the backing, then loop the new line to the backing and wind the new line on to the reel.

HEADCASE

Code: 43R26052

RIO Headcase is the ultimate shooting head case with tough 6mm storage bags arranged to allow easy viewing and flipping of heads, as well as mesh pockets for storing leaders and tippet spools. The bags are large enough to hold regular shooting heads, skagit shooting heads and long Scandinavian shooting heads and 10 bags per case leave plenty of room for a varied selection of RIO heads.

HEAD WALLET

Code: 43R26053

Zipper closure at the top to keep your leaders safe and secure and the mesh helps dry them more quickly.

LEADER WALLET

Code: 43R26055

Comes with 6 pockets made from re-sealable plastic so your leaders stay in place and organised.

FLY LINE CLEANING KIT

Complete with four Wonder cloths and a 1 oz bottle of AgentX line dressing

Code: 43R26075

AGENT X DRESSING

AgentX Line Dressing is specifically formulated to enhance the performance of all modern fly lines. Treated lines will cast further, remain clean longer and float higher than untreated lines.

Code: 43R26079

HEADGATE TIPPET HOLDER

The Headgate tippet holder is made from anodized aerospace aluminium with a built-in, replaceable line cutter. Comes loaded with five RIO Powerflex tippet spools.

Code: 43R26056

BRAIDED LOOPS

CODE	SIZE
43R26081	7 - 12wt
43R26082	3 - 6wt
43R26083	XL - 500gr+

A quick and easy way to attach leader to fly line or the backing to the line. 4 per pack with tubing.

TIPPET RINGS

CODE	SIZE
43R26032	2mm
43R26033	3mm

RIO Tippet rings are small, very strong lightweight, and make rigging and tippet replacement fast and easy.

RIO TAPERED LEADERS AND ACCESSORIES

We have an incredible offering of the highest quality tapered leaders and accessories for the freshwater and saltwater fly fisher, each with their own formulation, taper design and material choice to ensure that the leader does exactly what it was designed to do - cast after cast, after cast. Whether you are fly fishing for Trout, Bonefish, Permit, Tarpon, Strippers or even toothy critters, you will find RIO has the right leader and accessory for you.

For the full RIO tapered leaders and tippet range, visit: www.rioproducts.com

FLUOROFLEX STRONG TIPPET

30YDS	SIZE	LB	30YDS	SIZE	LB
43R22431	7X	2.6	43R22437	4X	7.3
43R22432	6.5X	3.1	43R22438	3X	8.8
43R22433	6X	3.8	43R22439	2X	11.2
43R22434	5.5X	4.5	43R22440	1X	13.3
43R22435	5X	5.2	43R22441	0X	15.5
43R22436	4.5X	6.1			

Ultra-Strong, 100% Fluorocarbon with exceptionally high tensile strength and exceptionally easy to tie knots. The high break strength to diameter ratio makes this a fantastic fluorocarbon for the Trout fly fisher.

TWO-TONE INDICATOR

30YDS	SIZE	LB
43R22097	6X	3.0
43R22098	5X	4.2
43R22078	4X	6.0
43R22079	3X	7.0
43R22080	2X	8.5
43R22081	1X	11.0

Opaque two tone 8" sections of fluorescent pink and fluorescent chartreuse, or black and white color changing tippet with highly defined hard color changes. These color breaks create maximum contrast to allow anglers to get visual cues when tight line nymphing.

POWERFLEX WIRE BITE

CODE	LBS	LENGTH
43R22145	20	15FT
43R22146	30	15FT
43R22147	40	15FT

A high quality super smooth braid that is 100% reliable. A good compromise between thinness and the ability to make blind splice loops. This backing is easier to knot than most other brands that are very thin but have too tight a weave for a blind spliced loop. Low stretch.

POWERFLEX TIPPET

30YDS	SIZE	LB	110YDS	SIZE	LB
43R22001	7X	2.4	43R22020	7X	2.4
43R22002	6X	3.4	43R22021	6X	3.4

43R22007	1X	13	43R22026	1X	13
43R22008	0X	15	43R22027	0X	15

RIO Powerflex Tippet is a high knot strength copolymer nylon tippet that features superb knot strength, stretch and suppleness to make this an excellent nylon tippet material for almost all trout fly fishing needs. It is a light grey color to enhance its camouflage ability on the water.

POWERFLEX PLUS TIPPET

50YDS	SIZE	LB
43R22031	7X	2.5
43R22032	6X	4
43R22033	5X	6
43R22034	4X	7.5
43R22035	3X	9.5
43R22036	2X	12

RIO'S Powerflex Plus Tippet is the strongest nylon tippet material ever made, with tensile strengths up to 20% more than regular tippet. A highly technical formulation of the nylon copolymer manufacturing process has resulted in this prodigious strength increase, without compromising knot strength or suppleness.

FLY LINE BACKING

CODE	LBS	COLOUR
43R20500	20	CHART
43R20501	30	CHART
43R20510	20	ORANGE

A high quality super smooth braid that is 100% reliable. A good compromise between thinness and the ability to make blind splice loops. This backing is easier to knot than most other brands that are very thin but have too tight a weave for a blind spliced loop. Low stretch.

FLUOROFLEX FRESHWATER

30YDS	SIZE	LB
43R22113	7X	2
43R22114	6X	3
43R22115	5X	4
43R22116	4X	5
43R22117	3X	6
43R22118	2X	8
43R22119	1X	10
43R22120	0X	12

Fluoroflex Freshwater Tippet is a medium stiff, 100% fluorocarbon tippet material and is ideal for Steelhead, Salmon, Trout and Bass, and for casting larger flies. Clear in color, this freshwater tippet is nearly invisible to fish.

SUPPLEFLEX TIPPET

30YDS	SIZE	LB
43R22040	7X	2
43R22041	6X	3
43R22042	5X	4.7
43R22043	4X	6.1

The RIO Suppleflex Tippet is incredibly strong, with excellent knot strength and, as its name suggests, unbelievably soft and supple. A featherweight presentation does not impede the natural movement of a fly in the current, the Suppleflex is the perfect choice for the trout angler fishing with smaller flies.

FLUOROFLEX SALTWATER

30YDS	LB
43R22200	8
43R22201	10
43R22202	12
25YDS	
43R22203	16
43R22204	20
20YDS	
43R22205	25

RIO's Fluoroflex Saltwater Tippet is medium stiff and made from 100% fluorocarbon material. A tough saltwater tippet, the Fluoroflex is abrasion resistant, super strong, and easy to knot. Great for casting the largest of flies and in tough winds, this tippet is perfect for all saltwater species.

HARD MONO SALTWATER

30YDS	LB
43R22421	8
43R22422	10
43R22423	12
43R22424	16
43R22425	20
43R22426	25
43R22427	30

RIO's Hard Mono Saltwater tippet is a very stiff, super abrasion-resistant nylon tippet material. Ideal for casting the largest flies and in tough winds to get the very best turnover.

BARNETT YOUTH BOWS

The new **Lil' Buck™** Recurve Bow and Lil' Buck™ Recurve Combo is a great first bow for aspiring hunters. An ambidextrous riser, soft-touch reinforced grip, and finger rollers make this bow suitable for all young shooters. With Two Slipstream Arrows included in the package, youth archers are fully equipped to start their new archery adventure! The **Quicksilver** recurve bow has a light 15-pound draw weight and ambidextrous grip make this a great introductory bow for ages 5 through 8. Additional features include a soft-touch reinforced grip, finger rollers and adjustable sight pin. The new model **Wildhawk** youth compound bow features a light 18-pound draw weight with a 15- to 22-inch draw length, making it manageable for first-time archers as young as age 5. The reinforced ambidextrous grip adjusts for both right- and left-handed shooting.
